

**We need help!** The Friends of the Casa Grande Library are dedicated to improving our libraries by funding special projects such as: purchasing new furniture for Vista and contributing to the renovation at Main. Each year, we sponsor the Summer Reading Programs. Currently we have renewed the subscription to the Advanced Overdrive System which gives special access to the Phoenix eDigital Library for Casa Grande Library user and, contributed towards the updating and replacement of computers at both libraries.

Our main fund raisers are the book sales we hold during the year. We have used books for sale at Main all the time. We also have sidewalk sales during cooler weather and the HUGE book sale in January.

Right now, we are looking for new members and volunteers. We are also looking for additional board members. The board meets on the second Monday of each month at 4:30 pm in the Main Library. Board members as well as members of the Friends group also volunteer to help staff our events. If you see our evolving libraries as a valuable resource in our community and would like to support them, please visit the main or vista library for more info.
